ECOLT410UK

Switch-mode Netbook Power Supply

Item ref: 661.410UK

User Manual

Function:

This versatile, energy efficient netbook power supply gives up to 3000mA from 9.5V to 20V, includes 9 interchangeable tips and removable dual USB sockets adaptor, which support most netbook and portable devices such as PDA, iPod and mobile phones. Ideal as a replacement, upgrade or spare power supply.

Supplied with two removable USB sockets - 1000mA
Comes supplied with 9 adaptors
Uses 25% less power making it more energy efficient
Materials used and manufacturing process are more environmentally friendly

Technical data:

Input Voltage: AC 100 - 240V 50/60Hz

Output Voltage: DC 9.5/12/14/16/18.5/19/20V

Output current max.:3000mA (9.5-16Vdc), 2500mA (18.5-19Vdc), 2400mA (20Vdc)

USB Output current: 1000mA max.

Output power: 48W

Instructions:

1. Please read these instructions fully before using this apparatus.
2. For office equipment use only.
3. Check the housing for damage.
4. Connect the unit to be powered, select the correct polarity, voltage and connector size, failing to do this, could result in damage to your equipment.
5. The unit to be powered **must not** draw more current than the maximum continuous current of the power supply, in order to prevent overload. (The continuous current draw, should be no more than 80% of the output current max.).
6. Plug the power supply into a wall outlet.

Warning:

1. For indoor use **ONLY**.
2. Risk of electric shock, **do not open**.
3. **Do not** install and operate the device in extreme heat, moisture or dusty environments.
4. **Unplug** the power supply when not in use.
5. The appliance is not intended for use by children or infirm persons without supervision.
6. This appliance is **not** intended for use by persons (include young children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
7. Young children should be supervised to ensure they do not play with the appliance.
8. This unit is double insulated.

Disposal:

Please dispose of this device according to the current statutory requirements.

Errors and omissions excepted.
